About the Training

We are very excited to provide an in depth presentation of the Inclusionary Practices Community Conversation Toolkit!

The IPP Community Conversation Toolkit provides families, educators and community leaders with a set of useable tools to help plan and hold a Community Conversation specifically on Inclusion.

Join us to learn more about the toolkit and gain understanding of how to use the tools to hold your own event. This training will be interactive, allow you to practice with some of the tools, and answer your questions.

This event will be online. You will receive the Zoom link upon registration. We will be recording and live closed captioning the presentation. If you need additional accommodations or have questions, please reach out to Roots of Inclusion at www.RootsofInclusion.org
